in recent decades the ancient apocalyptic work 1 enoch has been intensively explored for its historical meaning and its contribution to israelite and christ movement thought and identity yet its theological meaning what it can contribute to understanding of the divine human interface today has been neglected by scholarship this is surprising given that 1 enoch is scripture for the ethiopian and eritrean orthodox churches and has been a major influence on christian theology experience and art in ethiopia since the fifth and sixth centuries ce this book inaugurates a project in western scholarship to bring 1 enoch into theological discussion it contains a number of essays delivered at meetings in addis ababa ethiopia and cheltenham england involving scholars from ethiopia germany the uk and the usa the papers cover topics such as the appropriate theological response to a text that is scripture for only some christians the role of 1 enoch in ethiopian ecclesial and theological tradition the theological potential of 1 enoch in areas such as the

environment politics social justice christology persecution the problem of evil and how 1 enoch stimulates artistic expression today the blessing of enoch aims to launch a wider discussion on 1 enoch and contemporary theology

internationally renowned contributors assess the significance of the parables of enoch in the study of christian origins the new testament and the second temple period

parables of enoch a paradigm shift is an interdisciplinary study of the state of the current debate surrounding the parables of enoch with regard to their dating as well as their jewish character and their potential contribution to aspects of early christian thought the role of 1 enoch in the context of christian origins is much discussed amongst second temple and new testament scholars with the former often attaching more importance to them than the latter the contributors to the present volume stem from both areas and together explore the relative significance of the parables of enoch the important issues discussed include the significance of the parables for a deeper understanding of second temple thought jesus message the development of the kerygma and the traditions embodied and edited in canonical texts especially the gospels the extremely impressive list of contributors includes geza vermes richard bauckham james dunn larry schiffman james vanderkam francis moloney and loren stuckenbruck

fifty years after james bruce brought a copy of the book of enoch found in ethiopia to england richard laurence made a first modern translation later r h charles made another translation using some greek excerpts and more ethiopian texts then recently michael a knibb using many texts and partial texts put together an adequate translation yet all of these translations are rough obscure and confusing to christians of today the dead sea scrolls contained many copies and partial copies of the book of enoch in the dead sea scrolls there were found 17 copies comparatively there were 30 copies of psalms 25 copies of deuteronomy 19 of isaiah 15 of genesis and exodus 14 of jubilees jude validated the book of enoch with his quote from it using all of the sources now available along with an in depth study of book i have prepared this paraphrase translation along with such i have included an commentary to help in its comparison with the bible john d ladd was raised the son of an assemblies of god pastor he attended northeast bible college in pennsylvania and later malone college in canton ohio he pastored for many years was ordained in the assemblies of god but later left to pastor independent churches preferring teaching to preaching he has spent many years studying reading books from the early church period and translating paraphrasing them for ease of use by christians of today this book of enoch s has been translated paraphrased and now is being given commentary to compare it with the bible s message to test it by the word of god how does it compare is it in agreement with the message and prophetic teachings of the bible

this is a translation by dr edward hammond the first book of enoch was lost for centuries to the western world although it was kept by the ethiopian church in 1773 the scottish explorer james bruce heard that the book of enoch may have been in ethiopia so traveled there and procured three copies in 1821 richard laurence a professor of hebrew at oxford produced the first english translation fragments of ten enoch manuscripts were found among the dead sea scrolls it is quoted by new testament book of jude this book

contains all sections of the first book of enoch the book of the watchers the book of parables of enoch the astronomical book the book of dream visions the epistle of enoch it is of particular interest to anyone with an interest in angels and demons or bible history in general the books of enoch the complete set also contains 2 enoch also known as the slavonic enoch or the secrets of enoch and contains the extended version and 3 enoch also known as the hebrew book of enoch

people tell us it is too late to warn of dangers too late to give the final message to the world too late to expect others to respond to the pleadings of the word of god as are presented to them oh my friends it is not too late we must strive and urge and plead and warn until the very day that probation ends for mankind we are to live the enoch life this is our commission and this is a twofold work to develop a character of righteousness by living a life of personal purity and pleading with god and to teach a lesson of godliness by kindly acts and warning and pleading with men

at last teaching we can trust on the book of enoch from a christian author verse by verse in depth expounding by apostle eric vonanderseck reveals the mind of god to the mind of man the book of enoch demystified classic truth that transcends cultures and generations sadly these sacred texts lay silent to modern christendom its message abandoned its hope forgotten but the tide of skepticism has changed and readers are now making a quantum leap into the neglected revelations of enoch that god meant for us to have today apostle eric vonanderseck is a frequent lecturer on the book of enoch the 28 transcripts of the verse by verse lectures are compiled in this book as a valuable resource for the student of the book of enoch to understand with ease the depth of god s treasured mysteries over 800 pages of clear cut teaching contain 500 references to the bible making it easy for you to relate to the seamless plan of god for the ages and how you play a part each chapter pulls together the many amazing threads of the book of enoch the macro and micro plan of god and true history of the human race is explained the details of fallen angels watchers transgression against god and real reason for their plot to sire children by mortal women detailed facts about watchers infiltration and acculturation of the human race are given pre flood post flood and modern day god s multiple curses upon the children born of the watchers they become mutant centaurs satyrs and giants and how they attempt to undo god s curse genetic tempering we learn why the watchers perished in the flood of noah and how they are tied to the lost city of atlantis the pyramids ancient monuments and the industrial age in addition we learn the reason for satan s expulsion from heaven his hatred towards the human race and sworn vendetta against mankind also included in this book the transforming powers of angels is explained the connection between fallen angels and ufos and crop circles the signature and god code of the human soul is explained enoch is shown the ultimate ends of heaven the storerooms of heaven the prison houses of fallen angels enoch sees the blessings prepared for the righteous enoch is shown the end of the world in the days of noah and understands the retribution of god upon the human race for they filled the earth with the blood of violence and the wickedness of the heart is ripe for judgment enoch is also shown the end world in our time today and we come to understand why history is repeating itself

though widely read by early christians the book of enoch was banned by the church in the fourth century and considered lost for 1 600 years a mention of it in the new testament led 19th century scholars to a

manuscript of the enoch story in hebrew and aramaic verse and a theological study of the manuscript in english followed in 1912 yet it too eventually disappeared from public view this edition of the lost biblical book is re written in contemporary english and recounts the apocalyptic vision revealed to enoch the father of methuselah when he was taken to heaven by archangels who showed him the future of mankind as he looked down upon the world

a non canonical biblical text attributed to the prophet enoch now repackaged for union square and co s signature editions series an excluded book of the bible that tells the story of the fallen angels in genesis who took human wives created the giant nephilim revealed the secrets of advanced technology to mankind and ultimately brought about the great flood

the book of enoch is one of the strangest of the books left out of the biblical canon filled with goetic angels and demons and visions of inconceivable lands beyond the sky the book of enoch the prophet translated by the late richard laurence modern research sees in the epistle of jude a work of the second century but as orthodox theologians accept its contents as the inspired utterance of an apostle let us diligently search the hebrew scriptures for this important forecast of the second advent of the messiah in vain we turn over the pages of the sacred canon not even in the apocrypha can we trace one line from the pen of the marvellous being to whom uninterrupted immortality is assigned by apostolic 1 interpretation of genesis v 24 were the prophecies of enoch therefore accepted as a divine revelation on that momentous day when jesus explained the scriptures after his resurrection to jude and his apostolic brethren and have we moderns betrayed our trust by excluding an inspired record from the bible reverting to the second century of christianity we find irenæus and clement of alexandria citing the book of enoch without questioning its sacred character thus irenæus assigning to the book of enoch an authenticity analogous to that of mosaic literature affirms that enoch although a man filled the office of god s messenger to the angels tertullian who flourished at the close of the first and at the beginning of the second century whilst admitting that the scripture of enoch is not received by some because it is not included in the hebrew canon speaks of the author as the most ancient prophet enoch and of the book as the divinely inspired autograph of that immortal patriarch preserved by noah in the ark or miraculously reproduced by him through the inspiration of the holy spirit tertullian adds but as enoch has spoken in the same scripture of the lord and every scripture suitable for edification is divinely inspired let us reject nothing which belongs to us it may now seem to have been disavowed by the jews like all other scripture which speaks of christ a fact which should cause us no surprise as they were not to receive him even when personally addressed by himself these views tertullian confirms by appealing to the testimony of the apostle jude the book of enoch was therefore as sacred as the psalms or isaiah in the eyes of the famous theologian on whom modern orthodoxy relies as the chief canonist of new testament scripture origen a d 254 in quoting hebrew literature assigns to the book of enoch the same authority as to the psalms in polemical discussion with celsus he affirms that the work of the antediluvian patriarch was not accepted in the churches as divine and modern theologians have accordingly assumed that he rejected its inspiration but the extent to which he adopts its language and ideas discloses personal conviction that enoch was one of the greatest of the prophets thus in his treatise on the angels we read we are not to suppose that a

special office has been assigned by mere accident to a particular angel as to raphael the work of curing and healing to gabriel the direction of wars to michael the duty of hearing the prayers and supplications of men 2 from what source but assumed revelation could origen obtain and publish these circumstantial details of ministerial administration in heaven

as the book of enoch is in some respects the most notable extant apocalyptic work outside the canonical scriptures it will not be inappropriate to offer a few remarks here on the apocalyptic literature generally in writing about the books which belong to this literature prof burkitt says very pointedly that they are the most characteristic survival of what i will venture to call with all its narrowness and its incoherence the heroic age of jewish history the age when the nation attempted to realize in action the part of the peculiar people of god it ended in catastrophe but the nation left two successors the christian church and the rabbinical schools each of which carried on some of the old national aims and of the two it was the christian church that was most faithful to the ideas enshrined in the apocalypses and it did consider itself not without some reason the fulfilment of those ideas what is wanted therefore in studying the apocalypses is above all sympathy with the ideas that underlie them and especially with the belief in the new age and those who believe that in christianity a new era really did dawn for us ought i think to have that sympathy we study the apocalypses to learn how our spiritual ancestors hoped again that god would make all right in the end and that we their children are here today studying them is an indication that their hope was not wholly unfounded

this is not so much a second edition as a new book a brief comparison of the first edition and the present work will make this clear even to the cursory reader alike in the translation and in the commentary it forms a vast advance on its predecessor the translation in the first edition was made from dillmann s edition of the ethiopic text which was based on five mss with a view to this translation the present editor emended and revised dillmann s text in accordance with nine hitherto uncollated ethiopic mss in the british museum and the greek and latin fragments which had just come to light but notwithstanding every care he felt his work in this respect to be of a wholly provisional character from the date of the publication of the first edition in 1893 he steadily made preparation for an edition of the ethiopic text and of the greek and latin fragments this text which is exhaustive of existing textual materials in these languages was published by the university press in 1906 and from this text the present translation is made a new and revolutionary feature in the translation is due to the editor s discovery of the poetical structure of a considerable portion of the work the editor calls it revolutionary for it proves to be in respect of the critical problems of the text by its means the lost original of the text is not infrequently recovered phrases and clauses recognized as obvious interpolations and not a few lines restored to their original context whose claims to a place in the text were hitherto ignored on the ground of the weakness of their textual attestation the critical advance made in the present volume is not of a revolutionary character but consists rather in more detailed application of the principles of criticism pursued in the first edition to the biblical scholar and to the student of jewish and christian theology 1 enoch is the most important jewish work written between 200 bc and 100 ad from the preface
