this guide highlights the place of translation in our culture encouraging awareness of the process of translating and the choices involved making the translator more visible concentrating on major writers and works it covers translations out of many languages from greek to hungarian korean to turkish for some works e g virgil s aeneid which have been much translated the discussion is historical and critical showing how translation has evolved over the centuries and bringing out the differences between versions elsewhere with less familiar literatures the guide examines the extent to which translation has done justice to the range of work available

this book studies various aspects of translation it deals with the identity of translation its determinants politics and translation and the translation of scientific terminology it also discusses some translations in the light of various theoretical approaches and strategies the examples provided here as well as the translations discussed and the approaches adopted for analysis will definitely add to the knowledge system of translation studies comparative literature and applied linguistics

in the past decades translation studies have increasingly focused on the ethical dimension of translational activity with an emphasis on reflexivity to assert the role of the researcher in highlighting issues of visibility creativity and ethics in reflexive translation studies silvia kadiu investigates the viability of theories that seek to empower translation by making visible its transformative dimension for example by championing the visibility of the translating subject the translator's right to creativity the supremacy of human translation or an autonomous study of translation inspired by derrida's deconstructive thinking kadiu presents practical ways of challenging theories that argue reflexivity is the only way of developing an ethical translation she questions the capacity of reflexivity to counteract the power relations at play in translation between minor and dominant languages for example and problematises affirmative claims about self knowledge by using translation itself as a process of critical reflection in exploring the interaction between form and content reflexive translation studies promotes the need for an experimental multi sensory and intuitive practice which invites students scholars and practitioners alike to engage with theory productively and creatively through translation

this book proposes a new way for scholars in for example education literary studies and philosophy to approach texts and other phenomena through the concept and practice of translation its interdisciplinary perspective makes the book of value for graduate students and scholars in the humanities and social sciences the unique take on translation as related to the notion of aporia is applied to a number of seminal and classical texts within literature poetry and philosophy which gives the reader new understandings of the workings of language and what happens within and between languages as well as within and between disciplines when some form of interpretation or analysis is at work importantly the book develops the notion of aporias of translation as a way to learn and develop our understanding of texts and phenomena and thus functions as a pedagogical process which helps us come to terms with the boundaries of language and academic disciplines

the relationship between power and language has been a central theme in critical theory for decades now yet there is still much to be learned about the sheer force of language in the world in which we live in empire of language laurent dubreuil explores the power language phenomenon in the context of european and particularly french colonialism and its aftermath through readings of the colonial experience he isolates a phraseology based on possession in terms of both appropriation and haunting that has persisted throughout the

centuries not only is this phraseology a legacy of the past it is still active today especially in literary renderings of the colonial experience but also and more paradoxically in anticolonial discourse this phrase shaped the teaching of european languages in the former empires and it tried to configure the usage of those idioms by the indigenes then scholarly disciplines have to completely reconsider their discursive strategies about the colonial if at least they attempt to speak up dubreuil ranges widely in terms of time and space from the ancien régime through the twentieth century from paris to haiti to quebec from the renaissance to the riots in the banlieues he examines diverse texts from political speeches legal documents and colonial treatises to anthropological essays poems of the négritude and contemporary rap ever attuned to the linguistic strategies that undergird colonial power equally conversant in both postcolonial criticism and poststructuralist scholarship on language but also deeply grounded in the sociohistorical context of the colonies dubreuil sets forth the conditions for an authentically postcolonial scholarship one that acknowledges the difficulty of getting beyond a colonialism and still maintains the need for an afterward
